

“There’s nothing general about General Practice Nursing”

General Practice Nurse of the Year

This award is open to nurses that provide care as part of a General Practice setting. Entries are welcomed from the entire practice nurse workforce of Greater Manchester. Nurses can either nominate themselves, or be nominated by a care professional, patient or carer

This award recognises and rewards the vital contribution practice nurses provide in primary care. The judges are seeking nominations from practice nurses who consistently deliver confident contemporary care and who consistently perform above what is considered as the ‘norm’ for their peer group.
